SECTION I - INSTRUCTIONS TO PROPOSER

The enclosed Request for Proposal (RFP) is being advertised for use in submitting information that will be used to select a firm with whom the Nevada Department of Transportation (DEPARTMENT) and the Department of Administration, Enterprise IT Services (EITS) hopes to negotiate an agreement for the described services.

The proposals shall be limited by the following:

1. The proposal must respond to the Evaluation Criteria Items, which must be identified and presented in the same order as they appear in Section X - Proposal Content. The responses to the items may be separated by distinctly labeled section dividers.

2. The responses to the Evaluation Criteria Items must be double-spaced, and must not exceed twenty (20) 8½" x 11" pages. 11" x 17" pages will be counted as two (2) pages.

3. The Cover Letter must be single-spaced, and must not exceed one (1) 8½" x 11" page. It must include the proposer’s contact information including name, mailing address, telephone number, and email address.

4. Section Dividers that do not contain text or graphics, Cover Letters, Resumes, Nevada State Business Licenses, listing of Land Mobile Radio systems with manufacturer specified, and Statements of Qualifications do not count towards the page count limitation identified in Paragraph 2 above.

5. Resumes, Nevada State Business Licenses, Statements of Qualifications (see Attachment A - Statement of Qualification), and listing of Land Mobile Radio systems with manufacturer specified must be included in an appendix to the proposal.

Exceptions to these stated limitations will be considered during the evaluation process and may, in the DEPARTMENT’s sole discretion, result in a proposal being considered non-responsive.

The proposer shall submit one (1) CD containing one (1) typewritten, legible proposal as instructed above as well as in Section X (B), contained within one (1) Portable Document Format (PDF) file. In addition, the DEPARTMENT is testing new functionality with the DEPARTMENT’s electronic portal/website, located at www.nevadadot.com/Doing_Business/Vendors/Vendor_Portal_Login.aspx. Proposers are encouraged to also submit the proposal electronically through the portal to assist with our testing, however, this is NOT required.

If the proposer chooses to submit proposals electronically through the above link, Vendor registration is required. If you are not a registered vendor with the DEPARTMENT, please register online using the vendor registration form and follow the instructions. After submitting the online application, you will receive an email with your registration number. Once you receive the registration number, you will be able to submit your proposal electronically.

Any proposal received prior to the date and time specified above for receipt of proposals may be withdrawn or modified; electronically submitted proposals can be modified through the Vendor Portal Login webpage, while hardcopy proposals can be modified through a written request from the proposer. To be considered, however, a written request to withdraw the proposal or the modified proposal must be received before the time and date specified above for receipt of proposals. Oral interviews may be conducted for each firm that submits a written proposal. The DEPARTMENT has the sole discretion as to whether it will or will not conduct oral interviews. In the event that the DEPARTMENT elects to conduct oral interviews, each proposer in the competitive range will be advised of the format for such interview, and will be provided with a schedule for such interview. Competitive range refers to a list of the most highly rated proposals based on the initial ranking of the proposals; it is based on the initial rating of each proposal measured against all evaluation criteria set forth in this RFP.

Confidential Information, Trade Secrets, and/or Proprietary Information must be uploaded into the Confidential/Proprietary folder provided on the Vendor Proposal webpage if submitted electronically, or sealed in a separate package with each page clearly marked “Confidential” if submitted as a hardcopy. The failure to separate and mark this information as per NRS 333.020 and 333.333 shall constitute a
complete waiver of any and all claims for damages caused by release of the information by the DEPARTMENT. If the DEPARTMENT reviews the confidential information and determines that the information is not considered confidential pursuant to NRS Chapter 333, the DEPARTMENT will contact the proposer. The proposer must advise the DEPARTMENT as to whether it either accepts the DEPARTMENT’s determination that the information is not confidential, or withdraws the information. The proposer will not be allowed to alter the proposal after the date and time set for receipt of proposals shown above. Notwithstanding the provisions in NRS Chapter 333, the DEPARTMENT retains its immunity pursuant to the provisions of NRS 239.012 for any “good faith” release of information, and the immunities from liability provided to it pursuant to NRS Chapter 41.

Issuance of this RFP shall in no way constitute a commitment by the DEPARTMENT to execute an agreement. The DEPARTMENT reserves the right to reject any or all proposals received in response to this RFP, or to cancel this RFP if it is deemed in the best interest of the DEPARTMENT to do so.

The DEPARTMENT reserves the right to issue addenda to this RFP prior to the closing date. If a firm chooses to download this procurement from the http://www.nevadadot.com website, it is the firm’s responsibility to check for any addendums to this procurement from the http://www.nevadadot.com website.

The DEPARTMENT assumes no financial responsibility in connection with the proposers’ costs incurred in the preparation and submission of the proposal packets, or by attending the oral interviews, if such interviews are conducted by the DEPARTMENT in its sole discretion.

Proposers shall provide a minimum of five (5) references from similar projects performed for the state and/or large local government clients within the last five (5) years. Proposers are required to submit a Reference Questionnaire to the business references listed within the proposal. The business references must submit the Reference Questionnaire directly to the DEPARTMENT’s Agreement Services Section. It is the proposer’s responsibility to ensure the completed forms are received by the DEPARTMENT on or before the proposal submission deadline for inclusion in the evaluation process. The DEPARTMENT may contact any or all business references for validation of information submitted.

Proposers shall provide a list of all LMR radio and microwave projects identifying the manufacturer of the equipment installed. This list will not be used to evaluate the firm’s capacity to perform the requested work, but may be used to determine the best solution for our projects.

With this RFP, the proposer is furnished a copy of an Agreement sample (see Attachment E - Agreement Sample). To maintain consistency between the DEPARTMENT and its SERVICE PROVIDERS, only those portions of the Agreement sample which are open for negotiation shall be blank.

A pre-negotiation audit may be required by the DEPARTMENT’s Internal Audit Division. All DEPARTMENT audits will be conducted in accordance with the AASHTO Uniform Audit and Accounting Guide 2012, which can be found at www.transportation.org. It is anticipated that this project will require two methods of compensation. The first part of the project during the technical development preparation of the RFP for a manufacturer will be Cost Per Unit of work, to be defined during negotiations. Once a manufacturer award is made, it is anticipated that the Cost Plus Fixed Fee method of compensation shall be used for the proposer’s services, as set forth in 48 CFR Chapter 1.

The following rules of contact shall apply during this procurement for the project:

A. After release of the RFP and through the Notice of Intent to the Notice of Award of the agreement, the proposers shall ONLY correspond with the DEPARTMENT regarding this RFP through the DEPARTMENT’s designated representative as per NAC 333.155. The designated representative’s contact information is:
B. The proposers shall not contact the DEPARTMENT’s employees, including department heads, members of the review committee and/or any official who will participate in the decision to award the agreement regarding the project, except through the process identified above;

SECTION IV - DBE REQUIREMENTS

There are no Disadvantaged Business Enterprise (DBE) requirements for the project.

SECTION V - NEVADA BUSINESS LICENSE REQUIREMENT

The selected firm, prior to doing business in the State of Nevada, must be appropriately licensed by the Office of the Secretary of State pursuant to NRS 76.100. Information regarding the Nevada State Business License can be located at www.nvsos.gov.

Firms must provide the following:

A. Nevada State Business License Number, and
B. Business Entity’s Legal Name (affirm that it is the same name under which the proposer is doing business)

Additionally, if the firm is a corporation, LLC, LP, LLP, or non-profit corporation based out of state, it must be registered as a foreign business entity equivalent in Nevada, in active status, and in good standing with the Nevada Secretary of State.

Each proposer shall clearly state, at the time of proposal, its willingness to adhere to this requirement by providing a copy of its Nevada State Business License, a copy of its application from the Secretary of State Office, or a print out of the entity status, which can be obtained from the Nevada Business Search found on the homepage of the Nevada Secretary of State’s website at www.nvsos.gov.

Award of any RFP is contingent on a proposer having and holding an active and valid Nevada State Business License. The successful proposer must satisfy this requirement within five (5) business days of issuance of the Notice of Intent. If a proposer is unable or unwilling to adhere to this requirement, the DEPARTMENT will deem the proposer to be non-responsive, and the DEPARTMENT shall proceed to negotiate with the next most qualified firm, and so on, until an agreement, that is acceptable to the DEPARTMENT, is negotiated.

To apply for a Nevada State Business License or to file appropriate formation documents with the Nevada Secretary of State’s office, please visit www.nvsos.gov. Business licenses can be obtained immediately by applying on-line; however, paper applications may take several weeks to process.

SECTION VI - SELECTION PROCESS

Selection will be based on the factors listed in the Evaluation Criteria Items section (see Section X (A)), which will be used by a Review Committee to evaluate the proposals. If the committee elects, in its sole discretion, to conduct oral interviews, each proposer in the competitive range shall be notified of the interview schedule, and will be required to confirm their willingness to attend the oral interview. Failure of a proposer to appear at the oral interview, if the committee elects to conduct such interviews, will be considered non-responsive, and that proposer will be eliminated from any further consideration. The committee tasked with ranking the proposals will be comprised of DEPARTMENT staff and other members representing local entities, who shall remain anonymous to protect the integrity of the procurement process.

The committee may use the information submitted in the proposer’s proposal package, the information referencing this RFP, and the information presented at the interview, if applicable, to arrive at the final ranking. The proposals will be ranked and an agreement shall be negotiated following the selection of a firm. If an acceptable agreement cannot be reached with the highest ranked firm, the DEPARTMENT and EITS shall proceed to negotiate with the next highest ranked firm, and so on, until an acceptable agreement is negotiated, or the DEPARTMENT, in its sole discretion, elects to terminate the solicitation.

SECTION VII - BACKGROUND

LAND MOBILE RADIO BACKGROUND

The existing Land Mobile Radio (LMR) system is utilized for voice communications and control of interactive devices has effectively reached its end of life, and as of 2017, will no longer be supported by the manufacturer. Securing replacement parts for the current system is becoming problematic as the manufacturer scales back on production and winds down their support of the system. The State of Nevada Department of Transportation on behalf of the Nevada Shared Radio System (NSRS), obtained the services of an independent engineering firm to evaluate the needs of the NSRS, to evaluate current system infrastructure and to identify the best technology solution for our next generation Public Safety Communications system. As the second phase of this project, the State and its partners seeks to obtain
technical and program management services to draft and release a technical request for proposal and to assist with the design, planning and implementation for the next generation LMR system.

**MICROWAVE SYSTEM BACKGROUND**

The State of Nevada’s existing Time-Division Multiplexing (TDM) microwave system, operated and maintained by EITS, is utilized to provide voice, data, and video transport services for state, local, and federal government agencies and is an integral component in supporting the NSRS and its partners for the state’s Public Safety Communications system. The majority of the microwave system was end of life and unsupported by the manufacturer in 2010, thereby requiring procurement of replacement parts from third party vendors with dwindling supplies and primarily used parts. Additionally, the next generation LMR system for the State of Nevada will likely be IP/MPLS based, a technology not supported by the current microwave system. The State seeks to obtain technical services to draft and release the technical request for the new microwave proposal and to provide program management during the implementation phase of the new microwave system to ensure a seamless transition between the microwave and LMR projects.

**SECTION VIII - SCOPE OF SERVICES**

The DEPARTMENT, our NSRS Partners and EITS seeks to obtain an LMR and microwave communications solution meeting our technical requirements while providing a solid growth path for the future. Identifying a Technical Firm capable of addressing both technology projects will be addressed through this single RFP process. The successful firm will be required to enter into independent negotiations with the DEPARTMENT and EITS which may result in agreements developed by each agency.

At the discretion of each of the above parties, they may retain the selected Firm to provide project management, implementation management and inspection services for the duration of the project. These services will be negotiated separately by each agency at the time a manufacturer is selected.

The State may, at its discretion, require the selected firm to maintain a physical presence within the northwest region of the State of Nevada for the duration of this project to work closely with the State and our partners in assuring a successful project. This potential requirement will be addressed during the negotiation phase with the successful firm.

**Current Systems Architecture**

There are two distinct and separate communications systems being sought through this RFP. One component is for a statewide microwave network replacement and the second is for a replacement of the statewide LMR radio network.

The microwave communications network, utilized for voice, data and video transport, interconnects all primary State and County locations together through this microwave transport. The system is a mix of OC3, T1 and IP/TDM radios. The majority of the backbone microwave radio network is no longer supported by the original manufacturer.

The current LMR statewide public safety radio system, the result of a combined ownership and management agreements, consists of 110 locations statewide, operating primarily in a multisite configuration with three simulcast systems.

Once an agreement is negotiated and awarded, the successful firm will be required to gain a detailed understanding of the current LMR system from the State of Nevada, NV Energy and Washoe County and a detailed understanding of the microwave transport system from EITS.
As many of the State’s microwave locations also support the operations of the LMR systems, any modifications or improvements to site structures or infrastructure should consider both technologies simultaneously in the scope of the work, however with separate funding components.

**Work to be Performed LMR Radio**

The successful firm will, at a minimum, be required to complete the following items:

1. Develop a detailed understanding of the current system components and configuration. Identify system shortcomings and evaluate options for correcting or improving these issues.
2. Evaluate existing infrastructure for improvements, modifications or additional equipment required to accommodate a Project 25 Phase 2 radio system in parallel operation with the EDACS system and to sustain long term operation of the new radio system.
3. Evaluate and compile detailed user requirements. To include minimum requirements for a Public Safety Radio System and identify any items that must be included to meet these requirements.
4. Identify features and functions of a Project 25 Phase 2 radio system that will augment or enhance existing system user ability to perform their specific duties.
5. Create a detailed scope of work and deployment plan for statewide replacement of the radio system. Develop an RFP for the selection of an LMR system provider. Coordinate with all parties to the LMR radio system, and coordinate with EITS for microwave deployment.
6. On behalf of the State and its partners, coordinate the civil and structural upgrades required at additional and any new sites, and represent the same in a construction management role.
7. Develop a comprehensive acceptance test plan and procedure for the implementation of the microwave system and the Project 25 Phase 2 radio system. These must be developed independent of each other to accommodate a phased implementation approach.

**Work to be Performed IP/MPLS Microwave Radio**

The successful firm will, at a minimum, be required to complete the following items:

1. Develop a detailed understanding of the current system components and configuration. Identify system shortcomings and evaluate options for correcting or improving these issues.
2. Evaluate existing infrastructure for improvements, modifications or additional equipment required to accommodate all current and potential system usage in parallel operation with the existing microwave system.
3. Identify features and functions of an IP/MPLS microwave radio system that will augment or enhance existing system user ability to perform their specific duties and address pending needs of the Project 25 Phase 2 radio system.
4. Create a detailed scope of work and deployment plan for statewide replacement of the radio system. Develop an RFP for the selection of a microwave system provider. Coordinate with EITS for microwave deployment.
5. On behalf of EITS, coordinate the civil and structural upgrades required at additional and any new sites, and represent the same in a construction management role.
6. Develop a comprehensive acceptance test plan and procedure for the implementation of the microwave system. This must be developed to accommodate a phased implementation approach.

**SECTION IX - PROJECT SCHEDULE**

Two project schedules will be established for the two different technologies. As the statewide microwave transport system must be in place and functional prior to the implementation of the new LMR radio system, this portion must lead the overall project schedule.

The LMR project schedule will be determined during the execution of an agreement with the successful firm and NDOT. As the current system manufacturer has announced pending end of support for the EDACS system, this schedule will be compressed as much as possible due to funding and equipment
delivery constraints. Schedule will be re-evaluated once a vendor has been determined for the microwave systems.

The microwave transport project schedule will be determined during the execution of an agreement with the successful firm and EITS. As the current system manufacturer no longer supports the existing microwave system, this schedule will be compressed as much as possible due to funding and equipment delivery constraints. Schedule will be re-evaluated once a vendor has been determined for the microwave systems.

The forms are located at [http://purchasing.state.nv.us/contracting/current_and_former.htm](http://purchasing.state.nv.us/contracting/current_and_former.htm). In the event of a denial by the BOE, the proposer will be allowed one (1) opportunity to replace the disapproved employee with another employee who possesses substantially equivalent capabilities. The DEPARTMENT has the authority to approve or deny the equivalent employee.

**SECTION XI - AWARD PROCESS**

The DEPARTMENT shall issue its Notice of Intent in accordance with NAC §333.170. Any award is contingent upon the successful negotiation of final contract terms and upon approval of the

The terms agreed to by the parties shall be confidential until an agreement is executed. If contract negotiations cannot be concluded successfully, the DEPARTMENT, at its sole discretion and upon written notice to all firms, may negotiate a contract with the next highest ranking firm or withdraw the RFP and cancel this procurement.

The DEPARTMENT shall issue a Notice of Award in accordance with NAC §333.170, at which time proposals are no longer confidential and can be requested by the public from the DEPARTMENT via a Public Records Request, which can be located at: www.nevadadot.com/Contact_Us/Public_Records_Requests.aspx.

SECTION XII - TERMS, CONDITIONS AND EXCEPTIONS

This procurement is being conducted in accordance with NRS Chapters 333 and 408 and NAC Chapter 333.

The DEPARTMENT reserves the right to alter, amend, or modify any provisions of this RFP, or to withdraw this RFP, at any time prior to the award of a contract pursuant hereto, if, in the sole discretion of the DEPARTMENT, it is in the best interest of the state to do so.

The DEPARTMENT reserves the right to waive informalities and minor irregularities in proposals received.

The DEPARTMENT reserves the right to reject any or all proposals received prior to contract award (NRS §333.350).

Any irregularities or lack of clarity in the RFP must be brought to Agreement Service’s attention as soon as possible, so that corrective addenda may be furnished to all proposers.

Alterations, modifications or variations to a proposal may not be considered unless authorized by the RFP, or by an addendum or an amendment to the RFP.

Proposals which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of this contract, may be rejected.

All materials submitted in accordance with the prescribed deadline become the property of the DEPARTMENT and will not be returned. The DEPARTMENT’s selection or rejection of a proposal does not affect this right. The master copy of each proposal shall be retained for official files and will become public record after execution of a contract. Only specific parts of the proposal may be labeled a “trade secret,” provided that the proposer agrees to defend and indemnify the DEPARTMENT for honoring such a designation (NRS §333.333); unsuccessful proposals containing “trade secrets” will be returned pursuant to NRS 293.010. The failure to so label any information shall constitute a complete waiver of any and all claims for damages caused by any release of such information by the DEPARTMENT. The DEPARTMENT shall not be liable for disclosure or release of information when authorized or required by law to do so pursuant to NRS 239.012.

A proposal submitted in response to this RFP must identify any sub-consultants, and outline the contractual relationship between the awarded proposer and each such sub-consultant. An official of each proposed sub-consultant must sign, and include as part of the proposal submitted in response to this RFP, a statement to the effect that the sub-consultant has read this RFP, and agrees to abide by the awarded proposer’s obligations. A sub-consultant’s compliance with these requirements does not create a contractual relationship between the sub-consultant and the DEPARTMENT.

The awarded proposer will be the sole point of contract responsibility. The DEPARTMENT will look solely to the awarded proposer for the performance of all contractual obligations, which may result from an
award based on this RFP, and the awarded proposer shall not be relieved for the non-performance of any or all of its sub-consultants.

The awarded proposer must maintain, for the duration of its contract, insurance coverage as set forth in the agreement executed in response to this RFP. Work on the contract shall not begin until after the awarded proposer has submitted to the DEPARTMENT acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or alternative method of insurance acceptable to the DEPARTMENT in its sole discretion will be deemed a breach of contract.

Each proposer must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict must be disclosed. By submitting a proposal in response to this RFP, proposers affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a proposer’s proposal. An award will not be made where a conflict of interest exists. The DEPARTMENT, in its sole discretion, will determine whether a conflict of interest exists and whether it may reflect negatively on the DEPARTMENT’s selection of a proposer. The DEPARTMENT reserves the right in its sole discretion to impose additional requirements upon the proposer to mitigate such conflict of interest or to disqualify any proposer on the grounds of an actual or an apparent conflict of interest.

The DEPARTMENT will not be liable for Federal, State, or Local excise taxes.

The DEPARTMENT reserves the right to negotiate final contract terms with any proposer selected in accordance with NAC §333.170. The contract between the parties will consist of the final executed contract, the RFP with any modifications thereto, and the awarded proposer’s proposal with any modifications and clarifications thereto that are incorporated at the request of the DEPARTMENT during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the final executed contract, addenda to the RFP, the RFP, any modifications and clarifications to the awarded proposer’s proposal, and the awarded proposer’s proposal. Specific exceptions to this general rule may be noted in the final executed contract.

The proposer understands and acknowledges that the representations above are material and important, and will be relied on by the DEPARTMENT in its evaluation of a proposal. Any misrepresentation by a proposer shall be treated as fraudulent concealment from the DEPARTMENT of the true facts relating to the proposal.

No announcement concerning the award of a contract as a result of this RFP can be made without the prior written approval of the DEPARTMENT.

The Nevada Attorney General will not render any type of legal opinion regarding this transaction.

Requests for suspension of time by the SERVICE PROVIDER must have the written approval of the DEPARTMENT. No allowance shall be made for delay or suspension of the services solely due to the fault of the SERVICE PROVIDER.

18. Failure by the Service Provider to fulfill the DBE Agreement requirements and to demonstrate good faith efforts, either in the Service Provider’s proposal or during the performance period, constitutes a breach of this Agreement. In event of such a breach, the DEPARTMENT may:

(a) Withhold progress payments or a portion thereof;

(b) Deduct, as damages, an amount equal to the unmet portion of the DBE commitment not achieved. This amount will be determined by multiplying the percentage of DBE participation proposed by the total cost set forth in the agreement and then multiplying the actual percentage of DBE participation used during the agreement by the total cost set forth in the agreement. In the event the actual percentage of DBE participation is less than the proposed percentage of DBE participation, the difference in these two figures shall be the amount of damages due to the DEPARTMENT;

(c) Remove the SERVICE PROVIDER from the prequalified list for repeated violations, falsifications, or misrepresentations; and/or

2. The continuation of this Agreement beyond the current biennium is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by the Nevada State Legislature and/or federal sources. The DEPARTMENT may terminate this Agreement, and the SERVICE PROVIDER waives any and all claims for damages, effective immediately upon receipt of written notice, or any date specified therein, if for any reason the DEPARTMENT’s funding from state and/or federal sources is not appropriated or is withdrawn, limited or impaired.
3. A default or breach may be declared with or without termination. This Agreement may be terminated by either Party upon written notice of default or breach to the other Party as follows:
