portion of their technical response qualifies as confidential as defined within Section 2, Acronyms/Definitions.

If complete responses cannot be provided without referencing confidential information, such confidential information must be provided in accordance with Section 9.3, Part I B – Confidential Technical and Section 9.5, Part III Confidential Financial Information. Specific references made to the tab, page, section and/or paragraph where the confidential information can be located must be identified on Attachment A, Confidentiality and Certification of Indemnification and comply with the requirements stated in Section 9.6, Confidentiality of Proposals.

The remaining section is the Cost Proposal. Vendors may submit their proposal broken out into the three (3) sections required, or four (4) sections if confidential technical information is included, in a single box or package for shipping purposes.

The required CDs must contain information as specified in Section 9.6.4.

If special arrangements are necessary, please notify the Purchasing Division designee as soon as possible and at least two (2) days in advance of the opening.

9.1.4 If discrepancies are found between two (2) or more copies of the proposal, the master copy will provide the basis for resolving such discrepancies. 9.1.5 For ease of evaluation, the proposal must be presented in a format that corresponds to and references sections outlined within this RFP and must be presented in the same order. Written responses must be in bold/italics and placed immediately following the applicable RFP question, statement and/or section. 9.1.6 Proposals are to be prepared in such a way as to provide a straightforward, concise delineation of capabilities to satisfy the requirements of this RFP. Expensive bindings, colored displays, promotional materials, etc., are not
necessary or desired. Emphasis should be concentrated on conformance to the
RFP instructions, responsiveness to the RFP requirements, and on completeness
and clarity of content.
Unnecessarily elaborate responses beyond what is sufficient to present a complete
and effective response to this RFP are not desired and may be construed as an
indication of the proposer’s lack of environmental and cost consciousness. Unless specifically requested in this RFP, elaborate artwork, corporate brochures,
lengthy narratives, expensive paper, specialized binding, and other extraneous
presentation materials are neither necessary nor desired.

The State of Nevada, in its continuing efforts to reduce solid waste and to further
recycling efforts requests that proposals, to the extent possible and practical:

be the Purchasing Division as specified on Page 1 of this RFP. Upon issuance of
this RFP, other employees and representatives of the agencies identified in the
RFP will not answer questions or otherwise discuss the contents of this RFP with
any prospective vendors or their representatives. Failure to observe this
restriction may result in disqualification of any subsequent proposal per NAC
333.155(3). This restriction does not preclude discussions between affected
parties for the purpose of conducting business unrelated to this procurement.

9.1.8 Any vendor who believes proposal requirements or specifications are
unnecessarily restrictive or limit competition may submit a request for
administrative review, in writing, to the Purchasing Division. To be considered, a
request for review must be received no later than the deadline for submission of
questions.

The Purchasing Division shall promptly respond in writing to each written review
request, and where appropriate, issue all revisions, substitutions or clarifications
through a written amendment to the RFP.

The information in this section does not need to be returned with the vendor’s proposal.

10.1 Proposals shall be consistently evaluated and scored in accordance with NRS 333.335(3) based upon the following criteria:
10.1.1 Demonstrated competence
10.1.2 Experience in performance of comparable engagements
10.1.3 Conformance with the terms of this RFP
10.1.4 Expertise and availability of key personnel
10.1.5 Reasonableness of Cost

Note: Financial stability will be scored on a pass/fail basis.

Proposals shall be kept confidential until a contract is awarded.

10.2 The evaluation committee may also contact the references provided in response to the Section identified as Company Background and References; contact any vendor to clarify any response; contact any current users of a vendor’s services; solicit information from any available source concerning any aspect of a proposal; and seek and review any other information deemed pertinent to the evaluation process. The evaluation committee shall not be obligated to accept the lowest priced proposal, but shall make an award in the best interests of the State of Nevada per NRS 333.335(5).

10.3 Each vendor must include in its proposal a complete disclosure of any alleged significant prior or ongoing contract failures, contract breaches, any civil or criminal litigation or investigations pending which involves the vendor or in which the vendor has been judged guilty or liable. Failure to comply with the terms of this provision may disqualify any proposal. The State reserves the right to reject any proposal based upon the vendor’s prior history with the State or with any other party, which documents, without limitation, unsatisfactory performance, adversarial or contentious demeanor, significant failure(s) to meet contract milestones or other contractual failures. See generally, NRS 333.335.

10.4 Clarification discussions may, at the State’s sole option, be conducted with vendors who submit proposals determined to be acceptable and competitive per NAC 333.165. Vendors shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of proposals. Such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing vendors. Any modifications made to the original proposal during the best and final negotiations will be included as part of the contract.

10.5 A Notification of Intent to Award shall be issued in accordance with NAC 333.170. Any award is contingent upon the successful negotiation of final contract terms and upon approval of the Board of Examiners, when required. Negotiations shall be confidential and not subject to disclosure to competing vendors unless and until an agreement is reached. If contract negotiations cannot be concluded successfully, the State upon written notice to all vendors may negotiate a contract with the next highest scoring vendor or withdraw the RFP.

10.6 Any contract resulting from this RFP shall not be effective unless and until approved by the Nevada State Board of Examiners (NRS 333.700).
11. TERMS AND CONDITIONS

11.1 PROCUREMENT AND PROPOSAL TERMS AND CONDITIONS

The information in this section does not need to be returned with the vendor’s proposal. However, if vendors have any exceptions and/or assumptions to any of the terms and conditions in this section, they MUST identify in detail their exceptions and/or assumptions on Attachment B, Technical Proposal Certification of Compliance. In order for any exceptions and/or assumptions to be considered they MUST be documented in Attachment B. The State will not accept additional exceptions and/or assumptions if submitted after the proposal submission deadline.

11.1.1 This procurement is being conducted in accordance with NRS Chapter 333 and NAC Chapter 333.

11.1.2 The State reserves the right to alter, amend, or modify any provisions of this RFP, or to withdraw this RFP, at any time prior to the award of a contract pursuant hereto, if it is in the best interest of the State to do so.

11.1.3 The State reserves the right to waive informalities and minor irregularities in proposals received.

11.1.4 For ease of responding to the RFP, vendors are encouraged to download the RFP from the Purchasing Division’s website at http://purchasing.state.nv.us.

11.1.5 The failure to separately package and clearly mark Part I B and Part III which contains confidential information, trade secrets and/or proprietary information, shall constitute a complete waiver of any and all claims for damages caused by release of the information by the State.

11.1.6 Proposals must include any and all proposed terms and conditions, including, without limitation, written warranties, maintenance/service agreements, license agreements and lease purchase agreements. The omission of these documents renders a proposal non-responsive.

11.1.7 The State reserves the right to reject any or all proposals received prior to contract award (NRS 333.350).

11.1.8 The State shall not be obligated to accept the lowest priced proposal, but will make an award in the best interests of the State of Nevada after all factors have been evaluated (NRS 333.335).

11.1.9 Any irregularities or lack of clarity in the RFP should be brought to the Purchasing Division designee’s attention as soon as possible so that corrective addenda may be furnished to prospective vendors.

11.1.10 A description of how any and all services and/or equipment will be used to meet the requirements of this RFP shall be given, in detail, along with any additional informational documents that are appropriately marked.
11.1.11 Alterations, modifications or variations to a proposal may not be considered unless authorized by the RFP or by addendum or amendment.

11.1.12 Proposals which appear unrealistic in the terms of technical commitments, lack of technical competence, or are indicative of failure to comprehend the complexity and risk of this contract, may be rejected.

11.1.13 Proposals from employees of the State of Nevada will be considered in as much as they do not conflict with the State Administrative Manual, NRS Chapter 281 and NRS Chapter 284.

11.1.14 Proposals may be withdrawn by written or facsimile notice received prior to the proposal opening time. Withdrawals received after the proposal opening time will not be considered except as authorized by NRS 333.350(3).

11.1.15 Prices offered by vendors in their proposals are an irrevocable offer for the term of the contract and any contract extensions. The awarded vendor agrees to provide the purchased services at the costs, rates and fees as set forth in their proposal in response to this RFP. No other costs, rates or fees shall be payable to the awarded vendor for implementation of their proposal.

11.1.16 The State is not liable for any costs incurred by vendors prior to entering into a formal contract. Costs of developing the proposal or any other such expenses incurred by the vendor in responding to the RFP, are entirely the responsibility of the vendor, and shall not be reimbursed in any manner by the State.

11.1.17 Proposals submitted per proposal submission requirements become the property of the State, selection or rejection does not affect this right; proposals will be returned only at the State’s option and at the vendor’s request and expense. The masters of the technical proposal, confidential technical proposal, cost proposal and confidential financial information of each response shall be retained for official files.

11.1.18 The Nevada Attorney General will not render any type of legal opinion regarding this transaction.

11.2.2 The awarded vendor must maintain, for the duration of its contract, insurance coverages as set forth in the Insurance Schedule of the contract form appended to this RFP. Work on the contract shall not begin until after the awarded vendor has submitted acceptable evidence of the required insurance coverages. 11.2.3 The State will not be liable for Federal, State, or Local excise taxes per NRS 372.325.

11.2.4 Attachment B of this RFP shall constitute an agreement to all terms and conditions specified in the RFP, except such terms and conditions that the vendor expressly excludes. Exceptions and assumptions will be taken into consideration as part of the evaluation process; however, vendors must be specific. If vendors do not specify any exceptions and/or assumptions at time of proposal submission, the State will not consider any additional exceptions and/or assumptions during negotiations.

11.2.5 The State reserves the right to negotiate final contract terms with any vendor selected per NAC 333.170. The contract between the parties will consist of the RFP together with any modifications thereto, and the awarded vendor’s proposal, together with any modifications and clarifications thereto that are submitted at the request of the State during the evaluation and negotiation process. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the final executed contract, any modifications and clarifications to the awarded vendor’s proposal, the RFP, and the awarded vendor’s proposal. Specific exceptions to this general rule may be noted in the final executed contract.

11.2.6 Local governments (as defined in NRS 332.015) are intended third party beneficiaries of any contract resulting from this RFP and any local government may join or use any contract resulting from this RFP subject to all terms and conditions thereof pursuant to NRS 332.195. 11.3.2.2 An acceptable alternative is one the State considers satisfactory in meeting the requirements of this RFP.

ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

(1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.

(2) All proposed capabilities can be demonstrated by the vendor.

(3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.

(4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.

(5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.

(6) All conditions and provisions of this RFP are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.

(7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFP, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor’s proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State’s selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.

(8) All employees assigned to the project are authorized to work in this country.

(9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.

(10) The company has a written policy regarding compliance for maintaining a drug-free workplace.

(11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.

(12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.

(13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.
