

DOCUMENT 00 73 53 – ANTI-POLLUTION MEASURES

PART 1 - GENERAL

1.01 SECTION INCLUDES

- A. Duties and requirements of Contractor under various Laws and Regulations, supplementing the requirements contained in the General Conditions.

1.02 RELATED SECTIONS

- A. Section 00 72 00 – General Conditions

1.03 ENVIRONMENTAL POLLUTION

- A. Contractor shall comply with all provisions of Federal and State statutes, rules and regulations dealing with the prevention of environmental pollution, and the preservation of public natural resources that affect the Project pursuant to the provisions of Act No. 247 of the General Assembly of the Commonwealth of Pennsylvania, approved October 26, 1972.

1.04 STORMWATER POLLUTION PREVENTION

- B. Any Contractor involved in an earthmoving activity is responsible for complying with the DEP Regulation Chapter 102, Erosion Control. The Contractor must develop, implement and maintain an erosion and sedimentation control plan and must have the plan available at the earthmoving Site. If an erosion and sedimentation control plan is contained in the Contract Documents or is issued by the Engineer, it shall be used until such a time that the Contractor develops a new plan and obtains review comments by the County Conservation District and approval by the local political subdivision and the Engineer.
