Description

PRE-PROPOSAL CONFERENCE:

There will not be a pre-proposal conference for this sourcing event.

INTRODUCTION

Several stringers on the Hawthorne bridge overpass east bound structure have sustained significant damage from over height vehicles striking the bottom flanges of the stringers (See Buyer Attachments: Damage Inspection Report). These strikes have resulted in damages to the webs of the stringers at the diaphragm connection points. This project is to repair this damage and strengthen these locations.

Repairs are to include heat straightening of the webs at damage locations. Brackets will then be installed at the diaphragm connection locations to provide additional support to protect webs of stringers from future load impacts.

The Damage Inspection Report on the Buyer Attachments Page includes detailed information for this proposal including:

DAMAGE INSPECTION REPORT CONTENTS:

Appendix A - Sketches.....	32
Appendix B - Vertical Clearance Diagrams.....	38
Appendix C - As-Built Drawings.....	40
Attachment B - Repair Plan.....	45
Attachment C - Conceptual Repair Details.....	47

SCOPE OF WORK

Multnomah County is seeking an experienced structural heat straightening contractor to perform the following Work, in accordance with Buyer Attachment: Heat Straightening Specifications:

- Perform Lead abatement at both Type “1” and Type “2” repair locations as shown on Damage Inspection Report Attachment B - Repair Plan. Limits of abatement are shown on Damage Inspection Report Attachment C – Conceptual Repair Details.
- Perform heat straightening of damaged webs at all type “1” repair locations shown on Damage Inspection Report Attachment B – Repair Plan. All work shall be performed in conformance with Damage Inspection Report Attachment C - Heat straightening Specifications. For information and guidance on web damage repairs needed see photos in the Buyer Attachment titled “Damage Inspection Report”.
- Work to be performed on line 5 as shown in Damage Inspection Report Attachment B – Repair Plan is within 10 feet of the City Street Car power lines. This will require that all work, including lead abatement and heat straightening, be performed at night between the hours of 11:00 pm and 6:00 am.
- Work on the structure may not start until January 4, 2019 due to a City of Portland holiday moratorium on lane closures.

The County will provide the following as part of the Work

- Traffic Control for work access (through the City of Portland).
- Permits for lane and road closures.
- Coordination with Portland Streetcar for access to work areas.
- Repainting of the structure following repairs.

METHOD OF AWARD

One contract award will be made. Award will be based on a panel evaluation of qualifications and experience as determined by proposer answers to questions.

ESTIMATED PURCHASES

The Engineer's Estimate for the heat-straightening (non-County Forces) portion of the project is \$57,000 to \$67,000. The County does not guarantee that any minimum amount of services will be purchased.

METHOD OF CONTRACTING

A Sample Contract form is provided in the Buyer Attachments page showing the standard terms and conditions. Carefully review the terms and conditions of the Contract. Additional Contract terms related to this procurement, if any, are set out below in the section entitled Term of Contract.

TERM OF CONTRACT

The contractor portion of the Work (heat straightening and lead abatement) is estimated to require approximately six (6) nonconsecutive work days. Due to a City of Portland holiday moratorium on lane restrictions, field work can begin no earlier than January 4, 2019.

CONTRACT NEGOTIATIONS

The County will initiate contract negotiations with the responsive and responsible Proposer with the highest scoring proposal. Multnomah County may, at its option, elect to negotiate general contract terms and conditions, services, pricing, implementation schedules, and such other terms as the County determines are in the County's best interest. If negotiations fail to result in a contract, the County reserves the right to terminate the negotiations and initiate contract negotiations with the next highest scoring responsive and responsible Proposer. This process may continue until a contract agreement is reached

INSURANCE REQUIREMENTS

The insurance requirements are set forth in Exhibit 2 of the Contract and Specifications for Construction located in the Buyer Attachments page. Please review these requirements carefully.

 Required to View Event

Prerequisites

★ Required to Enter Bid

- ★ 1. Proposer/Bidder agrees to receive all correspondence electronically and are responsible for keeping their supplier portal updated with current contact information.
- ★ 2. CONFIDENTIALITY - Please read the statutory requirements in the prerequisite link.
- ★ 3. Please review the statements in this certification regarding Assurances, Certification Regarding Debarment, Suspension and Other Responsibility Matters and Certification Regarding Conflict of Interest.

Questions

★ Required Questions

1 Company Certification Information - This section is not scored

- 1.1. State of incorporation
- 1.2. Date of incorporation

- If a Non-resident Bidder, enter state of residency: [ENTER STATE] a. ORS 279A.120 (2)(b) states that a public contracting agency shall, for the purpose of awarding the contract, "add a percent increase on the bid of a nonresident bidder equal to the percent, if any, of the preference given to the bidder in the state in which the bidder resides." b. "Resident bidder" means a bidder that has paid unemployment taxes or income taxes in this state during the 12 calendar months immediately preceding submission of the bid, has a business address in this state and has stated in the bid whether the bidder is a "resident bidder". ORS 279A.120 (1)(b). Enter State Here: ★
- 1.3. Where Bidder is unable to certify to any of the statements in Bidder Representations and Certifications of the pre-requisite, Bidder shall provide an explanation to their offer here.
- 1.4. The Bidder certifies to the best of its knowledge and believes that neither it nor any of its principal participants and agents has or has had the following relationships with the specific firm(s)/individual(s), identified below, which may be determined to be an organizational conflict of interest. I understand that based on the information provided by Bidder, Multnomah County may exclude the Bidder from further consideration and may withdraw its selection if the real or apparent organizational conflict of interest cannot be avoided or mitigated. Bidder further certifies that the degree and extent of the relationship of the Bidder with these named firm(s)/individual(s) will be fully disclose:
- 1.5. Upload additional explanation as needed
- 1.6. Name of person submitting the Bid: ★
- 1.7. Title of person submitting the Bid: ★
- 1.8. I represent that I am at least eighteen (18) years of age. ★
- 1.9. I represent that the printing of my name and the submittal of a Bid is intended to authenticate this writing and to have the same force and effect as my manual signature. ★
- 1.10. I represent that I am either authorized to bind the Bidder, or that I am submitting the Bid on behalf of and at the direction of the Bidder's representative authorized to contractually bind the Bidder. ★
- 1.11. I represent that the Bidder and/or its applicable representative(s) has reviewed the information contained in this Bid and that the information submitted is accurate. ★
- 1.12. Information of the surety which will provide the performance bond if the contract is awarded to Bidder:
- 1.13. 1. Name of Surety ★
2. Name of Agent
3. Phone # of Agent
4. Email Address of Agent
5. Address of Agent
- 1.14. CCB Number ★
- 1.15. CCB expiration date ★
- 1.16. EEO Certified ★
- 1.17. Provide expiration date if EEO Certified.

1 Programmatic Questions (75%)

- 1.1. How many years of experience does your firm have performing this type of heat straightening work? (Suppliers will be evaluated on the number of years of experience stated. 10 percent)
- 1.2. How many projects similar to this project has your firm successfully completed in the last 2 years (since January 1, 2017)? (Suppliers will be evaluated based upon total number of projects completed. 20 percent)
- 1.3. Please provide a brief 3-4 sentence description of work performed and methods used for 2 projects counted in question 2.1.2, further describing your ability to successfully complete this project. (Suppliers will be evaluated based upon technical details provided which demonstrate the desired proficiency required for this project. 20 percent)
- 1.4. Enter total bid price here. (50 percent) ★

2 Responsible Business Practice Questions (25%)

- 2.1. Do you have emissions retrofits on your capital equipment? (Evaluation Criteria: We are looking for purchase, installation and use of retrofit technologies verified by the Environmental Protection Agency, that lower carbon emissions. We will also accept willingness to look into emission retrofits. 34 percent)
- 2.2. Please describe how you train, equip and/or manage your employees to ensure they succeed? (Evaluation Criteria: We want to see how employees participate in creating a productive work culture for better service delivery. 33 percent)
- 2.3. Describe how your company develops a diverse internal workforce, including the process(es) for recruiting women and minorities. How do you approach on-the-job training, mentoring, and/or professional development opportunities addressing diversity? What types of projects or initiatives have been implemented? (Evaluation Criteria: Description of projects or initiatives, stories and metrics on the organization's workforce, recruitment, hiring, retention, internship, and succession planning. 33 Percent)
