Re: ADDENDUM #1
Contract Number: CNU908
98400-4231-04
Region 4
February 7, 2020 Letting

To Whom It May Concern:

This addendum revises the bid file, adjusting item 806-01. The revised Special Notes and Table of Contents are attached.

It is the bidder's responsibility to notify all affected manufacturers, suppliers and subcontracts of this information.

Sincerely,

A handwritten signature in cursive script that reads "Phillip Buell".

Phillip Buell, P.E.
Assistant Director of Construction

SHEET 1 of 1
 PROJECT NO. 98400-4231-04, 98400-4232-04

STATE

OF

TENNESSEE

SPECIAL NOTES

REGARDING

RIGHT OF WAY MOWING & LITTER REMOVAL

The items of work within this contract define a service which when completed provides both a consistent vegetation height and a clean non-littered appearance in proximity to proposed state roadways. Therefore approval by the Engineer for work done under this contract will reflect the need for both requirements behind the mowing operation.

Construction Requirements. See Special Provision No. 806, Regarding Contract Mowing, Special Provision No. 719A, Regarding Removal and Disposal of Litter and Special Provision No. 108B Regarding Project Completion and Liquidated Damages, for further details.

Special Notes.

A mowing cycle and/or litter cycle on state routes may be omitted at the discretion of the engineer.
