**Re: ADDENDUM #1
 Contract No. CNU023
 Project No. 16009-8243-14
 Coffee County
 Letting Date: February 7, 2020**

To Whom It May Concern:

This addendum revises the bid file by deleting Item No. 716-03.02.

In addition, this addendum removes the proposed railroad improvements and special railroad notes shown on Sheet No. 2F. The quantity for Item No. 716-02.05 on Sheet No. 2A has been revised to 138 LF. The quantity for Item No. 716-02.05 is correct in the bid file. A future construction revision will be issued removing this sheet from the plan set, updating the quantities above, and updating the plan set index.

It is the bidder's responsibility to notify all affected manufacturers, suppliers, and subcontractors of this information.

Sincerely,

Ryan Sweeney, P.E.
Assistant Director of Construction
