To Whom It May Concern:

This addendum removes items 712-02.02 (Interconnected Portable Barrier Rail) and 713-02.27 (Concrete Barrier/Parapet Delineator) from the bid file. This will be updated in the plans via a construction revision.

It is the bidder's responsibility to notify all affected manufacturers, suppliers, and subcontractors of this information.

Jamie L. Waller, P.E.
