Minnesota's Commitment to Diversity and Inclusion

The State of Minnesota is committed to diversity and inclusion in its public procurement process. The goal is to ensure that those providing goods and services to the State are representative of our Minnesota communities and include businesses owned by minorities, women, veterans, and those with substantial physical disabilities. Creating broader opportunities for historically under-represented groups provides for additional options and greater competition in the marketplace, creates stronger relationships and engagement within our communities, and fosters economic development and equality.

To further this commitment, the Department of Administration operates a program for Minnesota-based small businesses owned by minorities, women, veterans, and those with substantial physical disabilities. For additional information on this program, or to determine eligibility, please call 651-296-2600 or go to www.mn.gov/admin/oep.

SPECIAL NOTICE: This is a request for proposal. It does not obligate the State of Minnesota to award a contract or complete the proposed program, and the State reserves the right to cancel this solicitation if it is considered in its best interest.

SECTION 2 – SUMMARY OF SCOPE

1. Procurement Overview and Goals.

The State of Minnesota, Minnesota IT Services (MNIT) on behalf of Minnesota State Patrol (MSP), is seeking proposals to furnish and deliver the following items:

- Panasonic Toughbook CF-31 MK.6,
- Havis Vehicle Docks for a Panasonic Toughbook CF-31, and
- LIND Vehicle Dock Power Supply.

The State intends to make an initial purchase of the items in the quantities identified in the SWIFT Event. The State reserves the right to purchase additional items offered under the contract in any quantity needed at the same prices, terms, and conditions through September 30, 2020.

The State will accept responses only for the items and brands listed in the solicitation, and as specified in Exhibit C to the Sample Contract. The State will not accept any substitutions or alternative makes, models, or brands.

SECTION 3 – PROPOSAL INSTRUCTIONS AND ADDITIONAL INFORMATION

1. Anticipated Contract Term.

The term of this contract is anticipated to be from May 15, 2020, through June 30, 2020, with no option to extend. The State intends to make an initial purchase of the items in the quantities identified in the SWIFT Event. The State reserves the right to purchase additional items offered under the contract in any quantity needed at the same prices, terms, and conditions through September 30, 2020.

2. Estimated Amount.

The estimated total dollar value of the contract for the anticipated contract term is \$350,000. However, this shall not be construed as either the minimum or maximum amount. It shall also be understood and accepted by the responder that any quantities shown in this solicitation are estimated quantities only and impose no obligation upon the State either minimum or maximum.

3. Question and Answer Instructions.

All questions should be submitted no later than the date and time listed in Section 1, Instructions to Responders. The State is not obligated to answer questions submitted after the question due date and time.

Only personnel listed above are authorized to discuss this solicitation with responders. Contact regarding this solicitation with any personnel not listed above could result in disqualification. This provision is not intended to prevent responders from seeking guidance from state procurement assistance programs regarding general procurement questions.

If a Responder discovers any significant ambiguity, error, conflict, discrepancy, omission, or other deficiency in the solicitation, please immediately notify the contact person detailed above in writing of such error and request modification or clarification of the document.

4. Additional Tasks or Activities.

Responders are encouraged to propose additional tasks, activities, or goods above and beyond the scope of what is requested in this solicitation if they will substantially improve the results of this procurement. Any costs associated with these additional tasks, activities, or goods should be clearly marked and separated from costs associated with the tasks, activities, or goods specifically requested under this solicitation. Because cost is a factor in the evaluation of responses to this solicitation, failure to separate costs for additional tasks, activities, or goods may result in those costs being included in a responder's cost proposal and result in a lower cost score for that proposal.

SECTION 4 – PROPOSAL CONTENT

Please submit the following information:

1. Specifications. Responder must offer goods that meet the specifications detailed in Exhibit C: Specifications, Duties, and Scope of Work attached to the Sample Contract. The State will consider responses for makes, models, or brands that have comparable quality, style, and performance characteristics.
2. Accessibility of Services or Products. The responder should complete, in an accessible format, the Section 508 and Web Content Accessibility Guidelines (WCAG) sections in a Voluntary Product Accessibility Template (VPAT®) for all software, hardware, and websites (as applicable) as proposed in response to the solicitation. Vendors can use the VPAT form from the [ITIC VPAT site](#). (Under “Resources,” select the “508” option, as it contains both 508 and WCAG forms.) For systems with multiple interfaces (such as an admin and user interface), complete a VPAT for each interface. These documents will be scored according to the solicitation evaluation.

Responders are encouraged to reference the “[Vendor VPAT Guidance](#)” in the “Products” tab on the [Accessible IT Procurement page](#) (<https://mn.gov/mnit/about-mnit/accessibility/it-procurement.jsp>) for information and instructions on completing the VPATs. Respondents should also review the related guidance documents on the same site for solicitation reviewers to understand expectations. The responder is strongly encouraged to provide remarks and explanation that both support compliance and detail any deficiencies, as even if you claim “supports” unless there are remarks and explanations, you may score low.

3. Cost Detail. Review Attachment C, “Cost Proposal,” attached to this solicitation. A price proposal document will not be used for this solicitation. Responders must enter the total cost of their proposal in SWIFT at the unit line level.
4. Sample Transaction Documents. Prior to award, a potential successful Responder must submit samples of any transaction documents proposed for use under the resulting contract. The State will review the transaction documents to ensure they contain sufficient detail and to review additional terms and conditions contained therein, if any. The State reserves the right to request additional detail in the transaction documents or to reject additional terms and conditions within transaction documents. Once approved by the State, Contractor may not materially change transaction documents unless a change has been approved in writing by the Commissioner of Administration, as delegated to the Office of State Procurement. Any terms and conditions included in transaction documents but not approved by the State are voidable by the State. Any terms and conditions that are in conflict with Minnesota law or in conflict with the terms of the State Contract are void. Failure to void a non-approved term or condition included in a transaction document does not waive the State’s right to void any non-approved term or condition.

Submit all requested documentation, including, but not limited to, the following documents:

1. Attachment A: Responder Declarations
2. Attachment B: Exceptions to State's Standard Terms and Conditions
3. Attachment D: Responder Forms
 - a. Veterans Preference Form
 - b. Workforce Certification
4. Attachment E: Additional Information

DO NOT INCLUDE Non-Public/Trade Secret data (as defined by Minn. Stat. § 13.37).

SECTION 5 – EVALUATION PROCEDURE AND CRITERIA

The State will conduct an evaluation of responses to this Solicitation. The evaluations will be conducted in three phases:

Phase 1 - Review responses for responsiveness and pass/fail requirements

Phase 2 - Evaluate responses

Phase 3 - Select finalist(s)

1. Phase 1 – Responsiveness and Pass/Fail Requirements

The purpose of this phase is to determine if each response complies with mandatory requirements. The State will first review each proposal for responsiveness to determine if the Responder satisfies all mandatory requirements. The State will evaluate these requirements on a pass/fail basis.

2. Phase 2 - Evaluate Responses

Only those responses found to have met Phase 1 criteria will be considered in Phase 2.

The factors and weighting on which responses will be evaluated are:

- | | |
|---|--|
| 1. Acceptance of State’s Terms and Conditions | 100 points |
| 2. Cost Detail | <u>900 points</u>
1000 points |
| 3. Preference Points (if applicable) | 60 points (in addition to 1,000 available) |

Preference points are described under Solicitation Terms and will be applied to the total score after points have been awarded.

3. Phase 3 - Select Finalist(s)

Only those responses that have been evaluated under Phase 2 shall be eligible for Phase 3.

The State will make its selection based on best value, as determined by this evaluation process. The State reserves the right to pursue negotiations on any exception taken to the State’s standard terms and conditions. In the event that negotiated terms cannot be reached, the State reserves the right to terminate negotiations and begin negotiating with the next highest scoring responder or take other actions as the State deems appropriate. If the State anticipates multiple awards, the State reserves the right to negotiate with more than one Responder.

It is anticipated that the evaluation and selection will be completed by May 15, 2020.

SECTION 6 – SOLICITATION TERMS

1. Competition in Responding

The State desires open and fair competition. Questions from responders regarding any of the requirements of the Solicitation must be submitted in writing to the Solicitation Administrator listed in the Solicitation before the due date and time. If changes are made the State will issue an addendum.

Any evidence of collusion among responders in any form designed to defeat competitive responses will be reported to the Minnesota Attorney General for investigation and appropriate action.

2. Addenda to the Solicitation

Changes to the Solicitation will be made by addendum with notification and posted in the same manner as the original Solicitation. Any addenda issued will become part of the Solicitation.

3. Joint Ventures

The State allows joint ventures among groups of responders when responding to the solicitation. However, one responder must submit a response on behalf of all the others in the group. The responder that submits the response will be considered legally responsible for the response (and the contract, if awarded).

4. Withdrawing Response

A responder may withdraw its response prior to the due date and time of the Solicitation. For solicitations in the SWIFT Supplier Portal, a responder may withdraw its response from the SWIFT Supplier Portal. For solicitations done any other way, a responder may withdraw its response by notifying the Solicitation Administrator in writing of the desire to withdraw.

After the due date and time of this Solicitation, a responder may withdraw a response only upon showing that an obvious error exists in the response. The showing and request for withdrawal must be made in writing to Solicitation Administrator within a reasonable time and prior to the State's detrimental reliance on the response.

5. Rights Reserved

The State reserves the right to:

- Reject any and all responses received;
- Waive or modify any informalities, irregularities, or inconsistencies in the responses received;
- Negotiate with the highest scoring Responder[s];
- Terminate negotiations and select the next response providing the best value for the State;
- Consider documented past performance resulting from a State contract may be considered in the evaluation process;
- Short list the highest scoring Responders;
- Require Responders to conduct presentations, demonstrations, or submit samples;
- Award by location or item, including category, by groups of items, or all items (therefore, the responder is encouraged to offer a response for all locations or items.)
- Interview key personnel or references;
- Request a best and final offer from one or more Responders;
- The State reserves the right to request additional information; and
- The State reserves the right to use estimated usage or scenarios for the purpose of conducting pricing evaluations. The State reserves the right to modify scenarios, and to request or add additional scenarios for the evaluation.

6. Samples and Demonstrations

Upon request, Responders are to provide samples to the State at no charge. Except for those destroyed or mutilated in testing, the State will return samples if requested and at the Responder's expense. All costs to conduct and associated with a demonstration will be the sole responsibility of the Responder.

7. Responses are Nonpublic during Evaluation Process

All materials submitted in response to this Solicitation will become property of the State. During the evaluation process, all information concerning the responses submitted will remain private or nonpublic and will not be disclosed to anyone whose official duties do not require such knowledge. Responses are private or nonpublic data until the completion of the evaluation process as defined by Minn. Stat. § 13.591. The completion of the evaluation process is defined as the State having completed negotiating a contract with the selected responder. The State will notify all responders in writing of the evaluation results.

8. Trade Secret Information

8.1 Responders must not submit as part of their response trade secret material, as defined by Minn. Stat. § 13.37.

8.2 In the event trade secret data are submitted, Responder must defend any action seeking release of data it believes to be trade secret, and indemnify and hold harmless the State, its agents and employees, from any judgments awarded against the State in favor of the party requesting the data, and any and all costs connected with that defense.

8.3 The State does not consider cost or prices to be trade secret material, as defined by Minn. Stat. § 13.37.

8.4 A responder may present and discuss trade secret information during an interview or demonstration with the State, if applicable.

9. Conditions of Offer

Unless otherwise approved in writing by the State, Responder's cost proposal and all terms offered in its response that pertain to the prices and terms offered in its response pertaining to the sale of goods will remain firm for 90 days, until they are accepted or rejected by the State, or they are changed by further negotiations with the State prior to contract execution.

10. Award

Any award that may result from this solicitation will be based upon the total accumulated points as established in the solicitation. The State reserves the right to award this solicitation to a single Responder, or to multiple Responders, whichever is in the best interest of the State, providing each Responder is in compliance with all terms and conditions of the solicitation. The State reserves the right to accept all or part of an offer, to reject all offers, to cancel the solicitation, or to re-issue the solicitation, whichever is in the best interest of the State.

11. Requirements Prior to Contract Execution

Prior to contract execution, a responder receiving a contract award must comply with any submittal requests. A submittal request may include, but is not limited to, a Certificate of Insurance.

12. Targeted Group, Economically Disadvantaged Business, Veteran-Owned and Individual Preference

Unless a greater preference is applicable and allowed by law, in accordance with Minn. Stat. § 16C.16, businesses that are eligible and certified by the State as targeted group (TG) businesses, economically disadvantaged (ED) businesses, and veteran-owned businesses will receive points equal to 6% percent of the total points available as preference.

For TG/ED/VO certification and eligibility information visit the Office of Equity in Procurement website at <https://mn.gov/admin/business/vendor-info/oep/> or call the Division's Helpline at 651.296.2600.

13. Reciprocity

State shall comply with Minn. Stat. § 16C.06, subd. 7, as that applies to a non-resident vendor. This paragraph does not apply for any project in which federal funds are expended.

14. DEED and DHS Preference.

In accordance with Minn. Stat. § 16C.155, eligible DEED/DHS providers will receive points equal to 6% percent of the total points available.

15. Specifications

Response will be held to strict compliance with the specifications. If a response deviates from the specifications, the deviation must be clearly noted and the State reserves the right to reject the response. All specifications are for new items unless otherwise noted in the solicitation. When brand name or manufacturer's name or numbers are stated in the specifications, they are intended to establish a standard only and are not restrictive unless the solicitation states: "No Substitute." Responses may be considered on other alternate makes, models, or brands having comparable quality, style, and performance characteristics. Any alternates included in a response are subject to State approval.

16. Distributor or Manufacturer's Representative

If your company is a distributor or manufacturer's representative, as defined in MN Rules 1230.0150, and you are submitting an offer on behalf of the Original Equipment Manufacturer (OEM), your company must either:

- Be listed on the OEM's website as an authorized distributor or an authorized manufacturer's representative, or
- You must provide a letter from the OEM, on the OEM letterhead, stating the Responder is authorized to sell the specific product listed in the Solicitation, or the OEM's full line of products, and that all OEM equipment warranties are applicable. (This requirement may be met by attaching the OEM letter to the Solicitation response.)

The Responder shall be the single point of contact through which customers will arrange warranty work that is still covered under the original equipment manufacturer's warranty on the equipment that is purchased.

Pursuant to MN Rules 1230.0150, responses from brokers will not be accepted.

17. Prompt Payment Discounts Offered

If a responder offers a discount for a payment made in less than 30 days, this discount will not be considered in the evaluation of the response. A prompt payment discount will be calculated from the date of acceptance of an undisputed invoice or upon the date a disputed invoice is resolved.
