EXHIBIT 1 – QUESTIONS & ANSWERS

1. How is the employee list sent and maintained?

The City will provide a list of all eligible employees at the start of the agreement. Throughout the life of the agreement, a Clothing Action Form will be provided with the information for any new employees. When an employee leaves the City, the City representative will request that the employee's account is closed.

2. In most FR brands, pricing increases for oversized garments (usually 2X and above). The proposal states that you do not want to be charged extra for this. However, this means that we will have to charge more for all sizes. Are you looking for one price per item regardless of the size?

Yes, but we are willing to change the wording in include higher prices for 3X and above.

3. Can you please provide clarification on the Cost & Work Hours section of the Proposal and Interview Criteria? (IV. REVIEW AND ASSESSMENT CRITERIA, A. Proposal and Interview Criteria, Page 11 of 24)

The Cost & Work Hours criteria is standard language used in all City RFPs and was not customized for this particular assignment. However, Work Hours will not be a consideration for this RFP. The Cost criteria will apply, and the Pricing Schedules will be used for this section and evaluated in comparison to historic rates paid by the City for the listed items and the rates proposed by other Vendors.
