The Bidder shall not initiate, or execute, any negotiation, decision, or action arising from any verbal discussion with any State employee. Only written communications from the Department's Procurement Officer are considered duly authorized expressions on behalf of the State. Additionally, only written communications from a Bidder are recognized as duly authorized expressions on behalf of the Bidder. Any discussion by a Bidder with any employee, or representative of the Department, involving cost or price information, occurring before the posting of the Notice of Agency Decision, may result in rejection of that Bidder's Bid.

4.15 No Prior Involvement and Conflict of Interest

Section 287.057(17)(c), F.S., provides, "A person who receives a contract that has not been procured pursuant to Subsections (1)-(3) to perform a feasibility study of the potential implementation of a subsequent contract, who participates in the drafting of a solicitation or who develops a program for future implementation, is not eligible to contract with the agency for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with an agency."

The Department considers participation in a solicitation to be any actions related to the decision, approval, disapproval, recommendation, preparation of any part of a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or functioning in any other advisory capacity. The Bidder shall not compensate, in any manner, directly or indirectly, any officer, agent or employee of the Department, for any act or service, which they may do, or perform, for, or on behalf of, any officer, agent, or employee of the Bidder. Officers, agents, or employees of the Department shall not have any interest, directly or indirectly, in any contract or purchase made, or authorized to be made, by anyone for, or on behalf of, the Department.

The Bidder shall have no interest and shall not acquire any interest, that conflicts in any manner, or degree, with the performance of the services required under this ITB.

This transaction fee is non-refundable, and failure of a Bidder to pay as required may result in that Bidder being excluded from conducting future business with the State.

4.18 Confidential, Proprietary, or Trade Secret Material

The Department takes its public records responsibilities as provided under Chapter 119, F.S. and Article I, Section 24 of the Florida Constitution, very seriously. If the Bidder considers any portion of the documents, data or records submitted in response to this solicitation to be confidential, trade secret or otherwise not subject to disclosure pursuant to Chapter 119, F.S., the Florida Constitution or other authority, the Bidder must also simultaneously provide the Department with a separate redacted copy of its response (both printed copy and a searchable PDF document on a CD/DVD or flash drive) and briefly describe, in writing, the grounds for claiming exemption from the public records law, including the specific statutory citation for such exemption. This redacted copy shall contain the Department's solicitation name, number, and the name of the Bidder on the cover, and shall be titled "Redacted Copy." The redacted copy shall be provided to the Department at the same time the Bidder submits its response to the solicitation and must only exclude or redact those exact portions which are claimed confidential, proprietary, or trade secret. The Bidder shall be responsible for defending its determination that the redacted portions of its response are confidential, trade secret or otherwise not subject to disclosure. Further, the Bidder shall protect, defend, and indemnify the Department for any and all claims arising from or relating to Bidder's determination that the redacted portions of its response are confidential, proprietary, trade secret or otherwise not subject to disclosure. If the Bidder fails to submit a redacted copy with its response, the Department is authorized to produce the entire documents, data, or records submitted by the Bidder in answer to a public records request for these records. In no event shall the Department, or any of its employees, or agents, be liable for disclosing, or otherwise failing to protect, the confidentiality of information submitted in response to this solicitation.

Per Executive Order 11-116, "The provider agrees to utilize the U.S. Department of Homeland Security's E-Verify system, <https://e-verify.gov/employers>, to verify the employment eligibility of all new employees hired during the contract term by the Provider. The Provider shall also include a requirement in subcontracts that the subcontractor shall utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term." The Bidder may request an equitable adjustment in the price(s) or delivery date(s) if the change affects the cost or time of performance. Such equitable adjustments require the express written approval of the Department.

The Department shall provide written notice to the Bidder 30 days in advance of any Department-required changes to the technical specifications and/or scope of service, which affects the Bidder's ability to provide the service as specified herein. 5.3 State Initiatives

5.3.1 Diversity in Contracting

The State of Florida is committed to supporting its diverse business industry and population through ensuring participation by minority-owned, women-owned, and service-disabled veteran-owned business enterprises in the economic life of the State. The State is dedicated to fostering the continued development and economic growth of minority-owned, women-owned, and service-disabled veteran-owned business enterprises. Participation by a diverse group of Vendors doing business with the State is central to this effort. To this end, minority-owned, women-owned, and service-disabled veteran-owned business enterprises must participate in the State's procurement process as both Bidders, and subcontractors, of this solicitation.

The Bidder has no liability when such claim is solely and exclusively due to the combination, operation, or use of any article equipment or data not supplied by the Bidder, or is based solely and exclusively upon the Department's alteration of the article. The Department will provide prompt written notification of a claim regarding copyright or patent infringement and will afford the Bidder full opportunity to defend the action and control the defense of such claim.

Further, if such a claim is made, or is pending, the Bidder may, at its option and expense, procure for the Department the right to continue the use of, replace, or modify the article to render it non-infringing. (If none of the alternatives are reasonably available, the Department agrees to return the article to the Bidder upon its request and receive reimbursement, fees, and costs, if any, as may be determined by a court of competent jurisdiction.) Class B tools are defined as tools of a less hazardous nature. Every tool is to be geographically controlled and accounted for at all times. At the

end of the workday, toolboxes will be removed from the compound or to a secure area as directed by the Department's security staff. The Contractor must maintain two (2) copies of the correct inventory with each toolbox, one (1) copy will be used and retained by the Department's security staff, who will search and ensure a proper inventory of tools each time the toolbox is brought into the Institution, the other copy will remain with the toolbox at all times.
