

Please bid the following:

Item Description	Proposed Amount
Rate per monthly service for the following areas: Technician is required to be on campus weekly (day will be discussed with winner of contract).	
Bell Hall (Lower Floor Health Services)	_____ / month
Southwest Hall (Child Development Lab)	_____ / month
Athletic Performance Center	_____ / month
Derryberry Hall	_____ / month
Hyder Burks Pavilion Arena (Price for 2 Areas)	_____ / month
Hyder Burks Pavilion Concession Stands (Price for 3 Stands)	_____ / month
Joe L. Ewins Appalachian Center for Crafts Cafeteria	_____ / month
Student Recreation Center	_____ / month
Oakley Hall	_____ / month
Regions Bank Building	_____ / month
Pricing above is for “non-emergency” work. Please provide a mark-up for “emergency” work. This mark-up shall be applied to the monthly rate for emergency work only.	_____ / mark-up

Rates for an “as needed” basis:	
Rate per hour for additional areas to be treated “as needed”. Note: Rate shall include all necessary expenses relative to extermination/preventive treatment, including chemicals.	_____ / hour
Rate per square foot for additional work in buildings not listed. This is not applicable to the monthly services listed above. However, should a new building need to be added to the monthly services listed above, such building shall be added using this square foot rate times the treatable square footage.	_____ / square foot
Rate per room to provide “as needed treatment for bedbugs.	_____ / room
Rate per square foot to provide “special” and/or “as needed” treatment for brown recluse and/or black widow spiders, outside monthly maintenance provision.	_____ / square foot

Evaluation:

For evaluation purposes only, Tennessee Tech shall calculate the annual cost of treatment for the above areas and add to that; cost for 80 hours of each of the per hour “as needed” treatments listed above plus the cost of 10,000 square feet for additional work, plus the cost of ten (10) rooms of bedbug treatment, plus the cost of 500 square feet of special brown recluse/black widow treatment.

It will be assumed that 90% of work is non-emergency and 10% will be emergency. Evaluation numbers will be weighted accordingly. Note that all above hours, percentages, square footages, rooms, etc., are strictly for evaluation purposes and do not represent either a commitment (or a limit) of usage.

The vendor submitting the lowest total summed cost of the above rates will be the lowest bidder for evaluation purposes.
