

2. Response

2 (2 KO)

2.1. FORMAL OBJECTIONS

All are encouraged to upload a statement regarding their capability to provide the requested goods or services. Interested parties must show clear and compelling evidence of competitive equivalency in order for alternative goods or services to be considered. Distributors and re-sellers are highly encouraged to include a statement from the product manufacturer stating that they are authorized to sell the product.

The Greater Orlando Aviation Authority will review any information collected through this Sole Source Notification to determine if offers of any equivalent goods or services meet the needs of the Authority. If it is concluded that additional suppliers of equivalent goods or services do exist, then a formal solicitation may follow.

Objections must be uploaded below and submitted on the Merrell Source-to-Contract platform before the deadline in the "Schedule" tab in the left-hand menu.

If no affirmative responses are received by the notification's deadline, showing clear and compelling evidence of competitive equivalency to the items described herein, an award will be made without further notice. Oral communications are not acceptable in response to this notice.

Document question - KO

2.2. QUESTIONS & ANSWERS

All answers to questions of substance will be publicly published using the Question & Answer feature.

Participants are required to review all revisions and answers to questions published. Responses posted through the 'Question & Answer' feature are authoritative and shall be considered an addendum to the Sole Source.

By selecting YES below, participants are confirming that they have reviewed all answers to questions published and any addenda up until the notice closing date and have given consideration to all information in preparing the response to this solicitation. Selecting YES will serve as confirmation of acknowledgement.

To review all the published questions and answers, click on the "Question and Answer" tab on the left-hand side of the screen.
