Federal Funding Provisions

This Project may be funded partly or in whole by the Federal Government. Therefore, Bidders must comply with the below Federal provisions set forth pursuant to C.F.R. §200.317-327 to be considered for award.

If subcontracts are to be let, the prime contractor is required to take all necessary *Affirmative Socioeconomic Steps* identified in 2 C.F.R. § 200.321(b)(1)-(6) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Bidders shall also include the following executed forms with their sealed bids in addition to all other forms identified in the bidding documents:

- **Conflict of Interest** - Refer to ITB's Table of Contents for Form

1. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT Applicable
(All contracts)

If the Federal award meets the definition of "funding agreement" under 37 C.F.R. §.401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or sub-recipient must comply with the requirements of Title 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Reference: Part 200 Appendix II (F)

2. DOMESTIC PREFERENCES FOR PROCUREMENTS Applicable
(All FEMA funded grant programs)

Domestic Preference for Procurements

As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products.

For purposes of this clause:

Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

If applicable, see BABAA certification Form included in the bid documents.
